## IS THE PANAMA LOST?

Rumored Sinking of the Big Transport.

THREE HUNDRED MEN ON BOARD.

Congressman Daisell and Ex-Congressman Huff Among the Passengers—Wreckage Picked Up Bearing Name "Panama."

SANTIAGO, Nov. 3.—It is rumored this morning that the transport Panama went down in a gale in the Windward passage last night. This rumor is based on the report of a fishing schooner which reached here yesterday from Cape May. It is not known whether any of the passengers and crew reached the shore in safety.

Some foundation for the reported loss of the transport is found in the fact that a large amount of wreckage supposed to belong to the Panama was picked up yesterday. Eight articles marked "Panama" were found in the water, but no trace of the vessel was seen so far as is known here.

The Panama, which was taken from the Spaniards as a prize during the war, was in bad condition when she sailed from Santiago on Monday. Her engines were out of order, and her hull was damaged. Her condition was such that Postmaster Hugo Hyndman considered her unsafe and declined to place the mails aboard her. Many seamen here say the vessel has been unseaworthy for a long time.

When the Panama sailed from this port, she had 300 persons on board, including officers, passengers and crew. Among the passengers were Representative John Daisell and former Congressman Huff of Pennsylvania, who, with a party of seven Pennsylvania railroad men, had spent several days in Santiago investigating plans for constructing a railroad to connect Santiago with Havana, with which they had been favorably impressed.

There were several officers of regiments now stationed in Santiago, who were on their way home, having been granted leaves of absence on account of illness. Most of the passengers, however, were from Porto Rico. The Panama was bound for ports on the north coast of Cuba, for Havana and New York.

The Panama also had on board the bodies of these soldiers: Captain W. N. Dickinson and Lieutenant Dennis M. Michie, Seventeenth Infantry; Lieutenant Thomas A. Wansboro, Seventh Infantry; Sergeant M. D. Russell, First volunteer cavalry; Privates Fred P. Taft, Silas Undergrave, Jr., F. Hacken, James Wheeler, Harvey Randall, W. C. Greene and J. C. King, Second Massachusetts volunteer infantry; Private C. Culman, Thirty-fourth Michigan volunteers; Privates A. Geisman and Sidney A. Schofield, Seventy-first New York volunteer infantry; Private John M. Koden, First Illinois volunteer infantry.

There is no telegraphic communication between here and Cape May. The lighthouse on that point is badly located. The site is misleading. Caletus point intervening between the light and north bound vessels. The Boston fruit steamer Belvedere was wrecked there in May. General Wood has ordered all vessels bound eastward to be on the lookout for any traces of the Panama and her passengers and crew.

The Panama formerly belonged to the Spanish line and plied between this port and Havana. She made her last voyage under the flag of Spain when she sailed hence on April 20 with a big cargo of provisions and ammunition and arms for Havana. She was overhauled off the Cuban capital by the little war vessel Mangrove, formerly a lighthouse tender, and taken to Key West. She was there condemned by a prize court and sent to this city to be sold. She arrived here on June 2 and was sold to the United States government on June 21 for \$10,000. Part of the money went to the government, and

the other half was divided among the ship's captors.

Four days after the government bought the Panama she was put in drydock in Brooklyn, where her hull was scraped and painted and her engines overhauled. She was also fitted out as a first class transport. When she sailed hence early in September for Newport News, Va., she was in fine condition. She left Newport News for Ponce on Sept. 9. After a round trip between Porto Rico and Newport News she sailed again for Ponce, where she arrived on Oct. 24. She left Ponce for Santiago and steamed thence to Havana.

The Panama is an iron single screw of 2,085 tons gross. She is 331½ feet long, 34 feet 2 inches beam and 24½ feet deep. She was built at Glasgow in 1875, was originally the Branksome Hall and flew the British flag.

John Daisell, congressman from the Twenty-second district, Pennsylvania, resides in Pittsburgh. He was born in this city in 1845, and his family removed to Pittsburgh three years later. He was graduated at Yale college in 1865, studied law and has since practiced his profession. He never held public office till he was elected to the Fifty-third congress as a Republican. He has served in every succeeding congress.

Ex-Congressman George F. Huff resides in Greensburg, Pa., and was elected to the Fifty-second congress as a Republican from the Twenty-first district. He is engaged in the banking business at Greensburg and is largely identified with the mining and other industrial interests of western Pennsylvania. He was one of the 306 delegates who failed to nominate Grant for a third term in 1880. Mr. Huff is 56 years old.

**Denver Lockout Ends.**  
DENVER, Nov. 3.—The lockout of 600 employees of the Denver breweries ended yesterday, the differences between the Brewers' association and Brewery Workmen's union having been adjusted through the efforts of the National Union of United Brewery Workmen. Concessions were made by both sides. The Workmen's union conceded to the employers the right to discharge men at will. The master brewers agree to take back all the men locked out and grant a nine hour day without any reduction of wages.

**French Officers Secretly Imprisoned.**

## NORTH CAROLINA TROUBLES.

Political Fight is Growing Fiercer in That State.

WILMINGTON, N. C., Nov. 2.—The situation is practically unchanged. The Star prints a card from Elijah Hewlett, now sheriff in New Hanover county and who would have been renominated if any Republican county ticket had been brought out, in which he declares that under no circumstances will he be a candidate. He also says that under existing conditions no Republican county ticket should be nominated. The present indication is that there will be no Republican ticket for the county officers, though there is a suspicion that the present negro register of deeds may be an individual candidate, but that his ticket will not be made until the morning of the election. Should this suspicion become a reality it is believed it will provoke trouble, as the Democrats will consider it a violation of the compromise heretofore described.

It does not need much stimulating material to increase the prevailing feeling here, and when the chairman of the Democratic executive committee of Columbus, a county adjoining New Hanover, arrived here yesterday and reported that the registration book of North-Williams precinct, in that county, could not be found it added fuel to the flames. The precinct mentioned gave 177 Democratic majority in 1896, and it is estimated that the majority next Tuesday should be over 200. As these 200 votes would probably elect 12 Democratic state senators and the board of registration is controlled by the fusionists the importance of the incident is manifest. Yesterday afternoon the Democrats sent a lawyer to Columbus county to take prompt action, and if the registration book is not forthcoming the question will be brought before a supreme court judge at once. The excitement in Columbus county is so great that it is feared personal violence may be done the custodian of the registration book if it is not produced.

## NEGRO SOLDIERS MUTINY.

Fifth Virginia Refused to Drill Under White Officers.

KNOXVILLE, Nov. 3.—The Fifth Virginia regiment refused to drill yesterday, and every effort of the officers to force them failed.

The Sixth Ohio, First Michigan and First West Virginia regiments were ordered to suppress the mutiny, but did not reach the camp of the Virginians until after they had gone to their tents. Several shots were fired, and several men are reported wounded.

The Virginia regiment is composed of colored soldiers under Colonel Croxton, white. Recently a dozen negro officers resigned, and they were succeeded by white men, to whom the soldiers objected. The soldiers say that if they do not get negro officers they will not obey orders from any one.

**Aguinado's Proclamations.**  
MANILA, Nov. 3.—Aguinaldo, the insurgent chief, has issued a proclamation pointing out that, although the stringent orders previously issued by him have been generally obeyed, a few Filipinos have refused obedience and offended in various ways, and he now warns all such that they are liable to be declared outlaws and to incur the extreme penalty. The reference is apparently to the anti-American Filipinos.

In another proclamation, issued simultaneously, Aguinaldo allows armed foreigners except Spaniards to travel in Philippine territory, but all such are forbidden to approach the fortifications or to take photographs of defensive works.

The United States cruiser Charleston has gone southward for a month's cruise.

**Radcliffe Girl on Paris Commission.**

## MEDICAL DEPARTMENT LAX.

Wood Holds Transport Port Victor Because It Was Not Well Supplied.

SANTIAGO, Nov. 3.—The United States transport Port Victor was to have left yesterday at noon for the United States with a number of sick soldiers and men. Fortunately just before the hour fixed for her departure General Leonard Wood, military governor of the department of Santiago, went on board. To his amazement he found no provisions specially suitable to sick persons, an entire lack of delicacies and an insufficiency of medical supplies.

General Wood declares that hereafter he will pay a personal visit to every transport before it leaves the harbor. He thinks it very strange that, after all the experience had here in this line, the medical department is not able to manage its affairs better and that the personal supervision of the commanding general should be necessary.

Major Starr, inspector general of the department, is on a furlough of 30 days. Colonel Wiley, lieutenant governor, is sick with malaria, but General Wood was fully equal to the emergency. He had the vessel supplied in short order with Red Cross stores and with an adequate amount of other provisions, and the transport left the harbor in time to pass Morro Castle before sundown. The Port Victor should reach New York city on Monday next, as she is a fast boat.

General Wood is preparing a Thanksgiving proclamation, being of opinion that the Cubans ought to give thanks for the blessings they have received. The Americans want to keep the day in the old fashioned style and are writing their friends in the north to send on turkeys.

The custom house receipts at the ports in the military department of Santiago for the month of October aggregate nearly \$100,000.

## Fined For Trying to Bribe Hooley.

LONDON, Nov. 3.—Martin Rucker, a former promoter of bicycle companies, who was charged with contempt of court in endeavoring to induce Mr. Ernest Terah Hooley, the bankrupt company promoter, to alter evidence connected upon the Humber company directors, was fined \$1,000 and costs and was further ordered to pay the money at once or go to prison. Mr. Hooley declared that Rucker, in behalf of four directors of the Humber company, offered him \$25,000 to change some of the evidence presented in the bankruptcy proceedings.

It is announced that Mr. C. D. Rose, financial editor of The Daily Mail, who has been named by Mr. Hooley as one of those to whom he gave money, has resigned his position.

## New Monitors to Have Two Turrets.

WASHINGTON, Nov. 3.—The navy department is considering the advisability of modifying the plans for the four new harbor monitors by increasing their size from 2,500 tons to 4,000 tons, enabling them to carry four 12 inch guns in two turrets, instead of only two guns in one turret. Lewis Nixon, one of the successful bidders for building the monitors, was at the navy department yesterday in consultation with Secretary Long on the subject, which was later in the day considered by the board of bureau chiefs. As the offensive power of the monitors can be doubled at an increase in cost that still places the figure within the appropriation the change probably will be made.

## General Graham Very Sick.

COLUMBUS, O., Nov. 3.—A special to The Journal from Camp Meade says that General Graham, who was released from command of the Second army corps by General Young and retired from the service, was taken very ill yesterday and confined to his bed, suffering with a high fever. General Graham is much broken in spirit and discouraged over his enforced retirement. Young hopes to continue as commander, claiming seniority of rank over Lawton, who has been appointed Graham's successor.

## David A. Wells' Condition.

NORWICH, Conn., Nov. 3.—It was stated last night by members of the household of Hon. David A. Wells that there was no marked change in Mr. Wells' condition, and apart from the possibility of the cold he is suffering with developing into pneumonia his condition was in nowise alarming.

## RUPTURE PROBABLE

Expected That Spanish Commissioners Will Withdraw.

## CONTINENTAL COMMENT ON SITUATION

A French Paper Says Withdrawal Would Be Irrational—German Insults Political Motives—An English Protectorate Advised.

LONDON, Nov. 3.—The Paris correspondent of The Morning Post says: "It is expected that a rupture of the peace negotiations between the United States and Spain will be officially announced on Friday."

"The feeling here is that the attitude of the Spaniards is irrational in view of the financial proposals of the United States and that they may ultimately regret having failed to agree quickly with the adversary."

The Vienna correspondent of The Times says:

"The Spanish commissioners cannot be surprised, neither can the Spanish government, by America's decision to take the Philippines. Possibly the Spanish people were not prepared for it, and the commissioners are pretending surprise, so that the government may be better able to face public opinion. Certainly everybody outside of Spain must have understood that the archipelago was lost to Spain."

The Berlin correspondent of The Standard says:

"Russia and another power are credited with the intention of intimating to Washington that the annexation of the Philippines must be preceded by a common agreement on future action in certain circumstances."

"The German papers express their feelings very frankly. The Hamburgische Correspondenz says: 'The United States are conducting the peace negotiations as they conducted the war. The mask of humanity is being gradually dropped, revealing the brutal hand of strength. When the protocol was signed, not a foot of Philippine soil was in American hands. President McKinley demands the complete surrender only because victory in the forthcoming elections depends upon it. The American demand, however, is less a blow to Spain than to the European powers, which seem desirous of selecting naval stations in the Philippines.'"

"The Boers Courier admits that the powers have no cause for interfering, but urges them to watch American expansion with jealous eyes."

"The National Zeitung says: 'If Spain can obtain compensation sufficient to cover the Philippine and Cuban debts she would be better off without the islands. Looking to the commercial and strategic value of the Philippines we should not be surprised at resistance on the part of some of the powers. Moreover, it is evident that the inhabitants will not calmly acquiesce in American annexation.'"

"The Frankfurter Zeitung thinks that after the elections the American commissioners are likely to make some concessions, since the chief question is rather how to conquer the Philippines from the inhabitants than how to overcome Spain's resistance."

The Vienna correspondent of The Daily Telegraph says:

"The Austrian cabinet considers an English protectorate of the Philippines the only proper solution of the question."

## Suicide of a Bride.

KANSAS CITY, Nov. 3.—Mrs. George Bear, a popular young society woman, who was the daughter of former City Engineer Felix, committed suicide last night, firing a bullet into her brain. The tragedy occurred just one week after the young woman's marriage to George Bear, an insurance man, and on the twenty-third anniversary of her birth. Her friends are utterly at a loss to assign a cause. The Bears had just occupied a handsome new house. When the tragedy occurred, the husband was waiting down town for his wife to join him.

## CONVICTS TRY TO ESCAPE.

Desperate Attempt at Dannemora. Recaptured After a Fight.

PLATTSBURG, N. Y., Nov. 3.—A most desperate attempt of two convicts to escape from Clinton prison occurred at Dannemora yesterday. Charles Crossman and Charles Collins, the latter a negro, both sentenced for burglary and classed as incorrigibles, made a break from the workshop and into the prison yard.

Keepers started in pursuit, and in the face of their fire the convicts threw a rope ladder over a fixture on the prison wall and were soon on top and grappling with the wall guard, Olmstead. Collins succeeded in overcoming the guard, while Crossman seized his rifle, and, throwing the ladder over the outer side of the wall, reached the ground and made for the nearby woods. Collins, after settling with the guard, in a hurry jumped 30 feet to the ground and was so injured that he was easily overcome by the pursuing officers. The chase then all centered on Crossman, who was making good headway toward the woods. He vainly attempted to fire the rifle at his pursuers, but did not understand the mechanism. Officer Nash by a short cut headed the convict off, and he surrendered at the muzzle of a revolver.

Both convicts are now in dark cells.

## CONDENSED DISPATCHES.

Major Henry Romeyne gave several lectures to the war investigating committee of neglect to properly care for well and sick soldiers in Cuba and on the transports.

## Danakil Crossing to Arabia.

LONDON, Nov. 3.—The Rome correspondent of The Daily Mail says: "The government has received news from Massaua on the Red sea, that 1,000 Danakils, members of a tribe under Italian protection recently attacked a caravan near Jibuti, on the west coast of the gulf of Aden, belonging to the Abyssinian envoys, who were returning from Paris to the court of the Emperor Menelik of Abyssinia with M. Lagarde, the representative of the French government and the late governor of Obok. The Danakils, who occupy the territory between Obok and the mountains of Abyssinia, killed four French soldiers and seized 200 camels, 4,000 rifles, a large quantity of ammunition and valuable gifts intended for the negus. It is feared that the result will be complications with France, Russia and Abyssinia."

## Hooley Accuses More Swells.

LONDON, Nov. 3.—Sir Joseph Renais, former lord mayor of London, has mentioned by Mr. Hooley as among those who received \$25,000 for joining the board of directors of the British Embroidery company. The bankrupt also said that Lord Ashburton paid him \$250,000 for a quarter share of his profits from Sept. 30, 1897, to the last day of that year. On the other hand, Mr. Hooley paid Lord Ashburton \$50,000 for an introduction to a firm of solicitors willing to advance him \$460,000 at 3 1/2 per cent. Various others were named by the bankrupt as having purchased shares in his profits.

## FRENCH AND BRITISH

Situation Improved, but English Preparations Continue.

## BRYCE WANTS EVERYTHING IN SIGHT

Says Egypt Must Control All Navigable Waters in Bahr-el-Ghazel Basin—Comment on the Anglo-Saxon Relations.

LONDON, Nov. 3.—The situation regarding Fashoda is practically unchanged. Baron de Courcel, the French ambassador, who on Tuesday saw Sir Thomas Sanderson, permanent under-secretary of state for foreign affairs, was absent from Lord Salisbury's reception yesterday.

The special dispatches from Paris this morning repeat the semi-official statement that the evacuation of Fashoda is accepted in principle, but that other points in the Bahr-el-Ghazel region will be maintained.

Various rumors are afloat as to Abyssinian expeditions nearing the Nile to assist the French, but nothing authentic is known on this point.

M. Deleassé, French minister of foreign affairs, is expected to announce his policy in the chamber of deputies tomorrow. It is admitted on all sides that Fashoda itself offers no difficulty, provided a way can be found to save French amour propre.

The fact that the coast guardsmen throughout the United Kingdom have been warned to be in readiness for mobilization is regarded as a menacing sign. Many of them have already joined their ships.

James Bryce, former under-secretary of state for foreign affairs, afterward president of the board of trade and now member of parliament in the Liberal interest for Aberdeen, speaking there last evening, endorsed Lord Salisbury's and in the Fashoda controversy, declaring that "the military control of all the navigable waters in the Bahr-el-Ghazel basin as well as the Nile must be secured to Egypt."

Referring to the increasing cordiality between the United States and Great Britain, Mr. Bryce said:

"When last in the United States I was much struck with the change in public sentiment. The spontaneous outburst of feeling in Great Britain when the European powers wished to intervene against the United States during the recent war with Spain made the Americans understand how close we felt the tie between them and ourselves. They have shown that they appreciate and reciprocate our sentiment."

"I would never advocate a formal alliance—at all events the obstacles at present are serious—but all the conditions exist for a solid and durable friendship between America and Great Britain. They have no adverse interests anywhere in the world, and they have common aims in sundry regions. Everywhere each can render a great service to the other, and they can understand one another better than either can understand any foreign country."

"Nature and history meant them to be friends, and the closer and deeper that friendship is the better it will be for the greatness and welfare of both."

## Princeton Freshman Kidnaped.

PRINCETON, N. J., Nov. 3.—There is woe in the freshmen class of Princeton because G. Balton Eldredge has been stolen. Eldredge was to have represented his class in the annual cap spree between the freshmen and sophomores at midnight last night. In the trials he was regarded as the probable middleweight winner. Tuesday night he was seized in his room by sophomores, conveyed to a carriage and removed from human ken. Searching parties have scoured the country for him in vain. He lives at Cape May and is one of the best athletes in his class.

## More Troops For Manila.

SAN FRANCISCO, Nov. 3.—The Fifty-first Iowa regiment, Colonel John Soper commanding, has embarked on the Pennsylvania, and the transport will probably sail tonight. The City of Puebla, with the remaining Tennessee troops, the First troop, Nevada cavalry, and 18 recruits of the regular army who enlisted at Portland, will sail on Saturday. The Newport will not go until next Tuesday, but she is such a fast ship she will easily overtake the others.

## Crazy Student in Nightgown.

NEW HAVEN, Nov. 3.—A student of the Yale divinity school is confined to his room, a victim of mental strain. He may have to go to an asylum. Last night he left his room, clad only in his nightgown, and ran wildly through the green. He carried a Bible. A crowd pursued him and finally caught him near the college. He was mumbling incoherently. The case was reported to the college authorities.

## The Morrill En Route to Milwaukee.

WOODS HOLE, Mass., Nov. 3.—The revenue cutter Morrill, Captain Davis has arrived here from Norfolk, bound for Milwaukee via St. Lawrence river and the great lakes. She will take the place of the Gresham, which came to the coast during the war and owing to her size cannot return.

# TOMPKINS'

## Big Store, No. 35 North Street.

We find it next to impossible to give a showing to a fraction of the goods that are clamoring for admission to our advertising columns. Many of them find a small notice below; many of them we cannot even mention. It will pay to remember that the special sale of Blankets and Quilts begun last week also goes on all this week, and that the Underwear Department is doing its utmost to break its record for low prices: that the Silks and Dress Goods were never prettier in colors and weaves and never cheaper in price, and that Jackets, Suits and Millinery are here in their full bloom this week.

**Sale of Silk Waists.**  
We think there has never been shown a collection as large as this in this city. We know that a assortment was ever chosen with more care and knowledge. It has been picked with the taste that we have learned from years of dealing with tasteful people. Plain colors prevail, yet there is "dash" enough if you wish it. It is a showing in at you will admire, that you will examine with increasing admiration, that will suit your preference, whatever that may be, down to the uttermost details.

**Prices are as Satisfactory as the Goods.**

**The Queen Anne Glove.**

**Ladies' Kid Gloves.**  
One dollar quality at 50c a pair, all colors and sizes for misses or ladies. You can't get any better elsewhere for one dollar. At Tompkins' 50c per pair.

**Black and Colored Dress Goods.**  
This fall and winter we are determined we shall show a large increase in our Dress Goods business. It is not so much a question whether we make or lose in profits by the growth, as it is a desire that many more people should know our store as a dress goods shopping centre. We want you to get better acquainted with the merchandise and with the much wider competition prices that our system of retailing offers you.

**Novelty Dress Goods,**

### RAISING FALSE ISSUES.

New Members: The Democrats to the State  
Special to the DAILY ARGUS.

NEW YORK, Nov. 3.—The Democratic State Committee continues to receive from the leaders up the State reports of recruits from the independents and Republicans. These reports all state with emphasis that the independents are disgusted with the manner in which Roosevelt has been used to shield the party that nominated him.

"This year it is a question of principles rather than individuals," said one of the leading independents in discussing the situation at Democratic headquarters yesterday. "The Republicans endorsed the administration of Governor Black, and yet they nominated another in his stead. If the administration of Governor Black was commendable, why was it found necessary to nominate another man? The matter as it strikes me up the State is that the Republican party is trying to hide their own untidiness under the military reputation of Roosevelt. In permitting himself to become the cat's paw of the leaders of a party which has been so corrupt and with so unworthy a record, he becomes equally guilty with the perpetrators of his party's misdeeds. The real issues of the campaign have been lost sight of by the Republican speakers and press, and their energies have been used to point, not to the worthiness of their own party, but to the military record of Roosevelt. Even in this they have resorted to flagrant misrepresentation, and to the average reader of the Republican press and the auditors at the Republican meetings, the impression is created that the late war was not one of Americanism, but a Republican conflict solely. It is only necessary to point to Lee, Dewey, Schley, Hobson, Bailey Wheeler and others among the military notables to refute this. By lending himself to the effort to cover up the maladministration of public affairs by the Republicans with his military record, Roosevelt becomes at once a party to a palpable fraud."

### CIVIL SERVICE EXAMINATIONS.

A Chance to Try for Many Places in the State's Service.

An open competitive merit examination will be held in this and other cities of the State, Dec. 3, for the positions in the State service named below: Supreme Court attendant, messenger and orderly; civil engineering positions, assistant engineer, lever, rodman, chainman and engineering draughtsman; chief electrical engineer; assistant electrical engineer, fireman, building inspector, foreman school furniture department Auburn prison; positions in the department of agriculture, chemist, butter expert, cheese expert, milk expert and vinegar expert; medical interne; apothecary; teacher, State institutions; Regents' examiner.

### Additional Donations to Thrall Hospital

The managers of Thrall Hospital gratefully acknowledge the receipt of the following donations received since the list was published: Mrs. J. T. Jarvis, \$1; Mrs. Southwell, 3 cans fruit, 2 cans jelly, 2 cans pickles; Mrs. C. Macardell, 6 cans fruit, 3 glasses jelly; J. B. Swaim, 1 dozen cans condensed milk; I. D. Osterhout, 1 bushel potatoes, 1 bushel turnips, 1 bushel apples, 1 bushel onions, 1 cheese pumpkin; Mrs. Howell, 5 cans fruit, 1 can tomatoes, 6 glasses jelly.

BELLE HORTON, Secretary.

### A Famous Woman.

From the Norwich Telegram.  
Albert Ertz has the boss cat in this part of the country. One day last week she caught and brought to the house eighteen mice, to say nothing of the number she left with a family of kittens to eat. She did the catching inside of twenty-four hours.

### TIME TO STEP DOWN.

From the Independent Republican.  
With a unanimity that is most beautiful the Republican organs agree that Charles L. Mead has made a very good County Treasurer, and the Independent Republican has no disposition to contradict them. But there are probably 500 men in Orange county who could discharge the duties of that office just as well as Mr. Mead, and one of them is Edward Stocker, the Democratic candidate. Mr. Mead's fidelity has not been so conspicuous nor his competency so marked as to render it necessary or even politic that he should be given a nine-year term. The office is one of the most lucrative in the gift of the taxpayers and has already netted its incumbent a sum in the neighborhood of \$30,000. Surely Mr. Mead ought to feel that the voters have been very kind to him and he can cherish no feeling of resentment if they should decide, and decide with manifest propriety, that he has had enough.

### A BIT OF HISTORY.

From the Albany Argus.  
Roosevelt considers one Rough Rider as good as ten State troopers; and his party evidently agrees with him, inasmuch as a Republican Assembly voted down a Democratic proposition to pay our State volunteers \$7 a month while in the federal service, the same as Texas, Vermont and Massachusetts; every Democrat being recorded in the affirmative, and every Republican in the negative.

It's a mistake to imagine that ailments can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

### ON THE TIP OF THE TONGUE.

Middletowners who have witnessed the raids of excursionists from "down the road" upon the chicken platters which have been set before them at meals to the detriment of the popularity of the roast beef, veal, pork, etc., wonder why chicken is not made the "dish" article instead of the roasts. Chicken at the present time is cheaper than beef or veal, and the average "dollar excursionist" from "down the road" rarely acts as if he had any at home.

"Fill them up with chicken," said a restaurateur, to-day. "I'd give 'em chicken until they'd go home crowing about what a big dinner they'd had and I wouldn't have a lot of roast meats left behind. Look at that gang of Paterfamilias who were here, Wednesday. They left behind them large quantities of fine stewed corn, green peas, celery, roast meat and pork, and gobbled the chicken and mashed potatoes like starving men."

Those who paid a customary visit to Gunther's, Wednesday night, had a sample of Mrs. Gunther's celebrated "deerpfeffer." It was made of the doe which "Jake" brought from Indian Lake. This manner of cooking is distinctively German and distinctively delicious.

The money is not all up yet. A traveling man flashed \$500 under the noses of Republican bosses in Gunther's, Tuesday night, but there were no takers.

Wednesday night a young man named Mann, with "mou," remarked that he had just \$30 in Van Wyck money which he desired to bet. A gentleman, acting as "commissioner," promptly covered it and \$60 was added to the election bets already stored in Mr. Gunther's safe.

There will be more game suppers election night in this city than ever before. Every man with anything from \$10 up bet on his favorite candidate has arranged to eat a bird about midnight, Tuesday night, and a friend or two will be invited to share the "morsel." The Roosevelt men are particularly anxious to eat that night, but, of course, it wouldn't be so funny if they have to settle for their own birds.

Not in years, probably never before—has there been so much betting on election as has characterized the past fortnight in this city. Hundreds of dollars have been staked on the head of the ticket, in fact only a few bets have been made on anything else. The bets, on the whole, have been made by men whose everyday lives indicate that the loss of any or all of the bets would not distress them. Of course, all such bets are made "for a friend of mine," for only the reckless youth goes on record as betting.

Once in a while some one says, warningly, look out or you may lose your vote; some mean duffer may challenge you because you have wagered, but few betters ear for that. "My friend's money" would shield them any way.

"Whose theatre hat was that you were driving at, Wednesday night?" said a well known man, to-day.

This threatened to be a dangerous subject for the size of hat worn at that particular show by that particular man's wife was not a familiar one to the writer.

"Why?" seemed a temporary way of escape, and he answered:

"Nothing, only there was one of that kind of hats balanced on a woman's head just ahead of me, and I couldn't see half of the scenes. I wouldn't buy my wife a hat like that unless she knew enough to take it off at the theatre."

### SOMETHING NEW.

Collars and cuffs are prevented from wrinkling by inserting a stiffening strip of thin steel or aluminum between the two sections of the collar before they are sewed together.

Collars, cuffs, shirt fronts and like articles usually made of linen are being made of aluminum coated with white Japanese varnish, on which designs in imitation of weaving and sewing are marked.

A Pennsylvanian has invented a marine merry-go-round, which has a central pole on which a number of arms are pivoted to steady the boats, arranged in a circle at the ends of the arms, the driving power being obtained from a motor in one of the boats.

Prismatic or plain window lights, for use in transoms and basement windows, are being manufactured with perforations in their surface to allow ventilation, the entrance of water being prevented by the inclination of the openings or by external hoods.

A new weapon of defense, designed by an Englishman, is shaped like a pistol and has a liquid-containing chamber in the handle, air being compressed by the trigger to give the liquid force when thrown by a second pull on the trigger to open the valve.

The depth of water under a ship can be quickly ascertained by a new sounding apparatus consisting of a casting suspended from a sliding ball, which is attached to the end of a cord or wire running to the deck, the weight of the casting breaking the electric current until it strikes bottom.

Electric treatments are given to cyclists by a new handlebar which has metallic grips connected with a small generator mounted on one of the wheels. In another form of the same device shoes are provided with contact plates and the battery may be connected to sewing machines or organs.

## Welcome News

Any information that tells how sickness and disease can be overcome is the most welcome news a paper can print. Although this is an advertisement, it contains facts of more vital importance than anything else in this newspaper.

It tells of a medicine known for over thirty years as **Dr. David Kennedy's Favorite Remedy**. It is a medicine that purifies the blood, and restores the Kidneys, Bladder and Urinary Organs to vigor and strength. Its principal ingredient is not alcohol. It does not ruin men's and women's lives by causing intoxication and fostering the appetite for strong drink.

**Favorite Remedy** cools and purifies the blood. It is not like the many "bitters," "compounds" and "tonics," now so widely sold, which heat and inflame the blood, doing more injury than good.

**Favorite Remedy** cures troubles of women just as certainly as it cures troubles of men. It restores the Liver to a healthy condition, and cures the worst cases of Constipation. It cures Scrofula, Salt Rheum, Rheumatism, Dyspepsia, all Kidney, Bladder and Urinary Diseases, Gravel, Diabetes and Bright's Disease.

"My complaint was Stone in the Bladder. Physicians said my case was hopeless, but **Dr. Kennedy's Favorite Remedy** cured me."—D. H. Hoag, Lebanon Springs, N. Y.

Sold in all drug stores for \$1.00 a bottle. One teaspoonful is a dose, and you will experience relief long before first bottle is taken.

WASHINGTON, D. C., Nov. 3.—Fair to night and Friday; warmer in Northern portion to night; light to fresh variable winds.

## THE TEMPERATURE.

The following was the registry of the thermometer at Frank's drug store, to-day:

7 a. m. 48°; 12 m. 52°; 3 p. m. 64°.

Vote the straight Democratic ticket! Don't spoil a good thing by missing any of it! The Democratic ticket is all good!

A cross in the circle under the Democratic star is a vote for economy, lower taxes, good legislation and honest government all around.

All the interest of the local Republican machine centres in the election of the Senatorial and Assembly candidates. The local bosses are ready to sacrifice everything for votes for Goodsell and Bedell. Independent Republicans understand this perfectly and realize that the only way to rebuke machine rule is to vote for Quaid, the brave young soldier, and Daniel P. Schultz, who represented the district so ably in the last Assembly.

If a full Democratic vote is polled in this city there is no doubt of the election of the whole Democratic ticket. Scores of independent Republicans will vote the Democratic city and ward tickets, not because they have become Democrats, but as a protest against boss rule and machine methods in the Republican party and because they believe that the Democratic policy of economical expenditures and lower taxes is the only salvation for the city.

If Samuel D. Robertson is elected to Congress, he will faithfully, honestly and intelligently represent the district and all its varied interests. He has been true to every trust committed to his keeping, and the record he has made in the Board of Supervisors as the brave and fearless champion of popular rights and the outspoken opponent of jobbery of every kind is a guarantee that, if elected to Congress, he will serve the people with fidelity and zeal.

Democrats in the country towns can render their party no more efficient service on election day than by making sure that every Democratic vote is cast. A full Democratic vote will elect Mr. Robertson, Mr. Quaid, Mr. Schultz, Mr. Stocker and all the other candidates on the county ticket. A study of the election returns of recent years shows that the Republican majorities in Orange county have been large, not because the Republican vote has increased, but because, through indifference and lack of organization, the Democratic vote has not been got to the polls. Now is the time to remedy this and redeem the county. Get out the Democratic vote and victory will be ours.

Independent Republicans who wish to hit the Republican machine squarely between the eyes will vote against Goodsell and Bedell. They will also vote against Mead, the third term candidate for treasurer, who has had the emoluments of a fat office for six years, but who will not take his feet out of the trough until compelled to.

According to the Press Mr. Mead's "experience in investing the large trust in the hands of the county treasurer is also of advantage to the taxpayers." This is the wildest nonsense. Orange county never has any surplus funds. When the supervisors' drafts are paid on Feb. 1st the county treasury is practically empty and the county is a borrower until the next tax levy is collected. The "large trust," which the Press would have its readers believe the county treasurer "invests" to the advantage of the taxpayers, exists only in the imagination of the Press. There isn't a single duty devolving on the county treasurer that Mr. Stocker cannot and will not discharge as courteously, as honestly, as intelligently and as much in the interest of the taxpayers as Mr. Mead. Vote for Mr. Stocker and against third terms in county offices.

Although the ballots cast by the soldiers are secret the talk of the camps makes it certain that the soldiers' vote has gone heavily against the Republican candidates. Roosevelt's contemptuous declaration that "one Rough Rider is as good as ten volunteers" is not by any means the only thing that has influenced the political action of the men in the volunteer regiments. They know only too well the unnecessary sufferings to which they have been subjected in camp, while there were millions of dollars that could have been spent for the supplies which they needed and which would have made their lives comfortable, if they had seen their comrades reduced to

skeletons by diseases which could have been prevented had the soldiers' welfare been considered by those in authority, and they have seen other comrades die as the result of inexcusable neglect; they have seen the National Guard demoralized by Tillinghastism; all these and other facts with which the soldiers are equally familiar, and for which the party in power is responsible, will have their effect on the soldiers' vote, and will cause a large majority of them to vote for Democratic candidates. And the same influences that affect the votes of soldiers will affect the votes of their relatives and friends who know the needless hardships that our boys in blue have had to undergo.

## A NIGHT WATCHMAN KILLED.

BUFFALO, Nov. 3.—Peter Allen, aged forty, a night watchman at the Grand Trunk sheds, was shot and killed early this morning while on duty. The identity of his murderers is unknown, but they are believed to be safe crackers whom he sought to intercept while they were fleeing from patrolmen. The office of the Western Beef Company had been robbed about 3 o'clock. Later, patrolmen discovered three men acting suspiciously, and when the officers called to them they fled, firing two shots at the officers. Later, they fired a third which is believed to be the one that killed Allen.

## BRAZEE AND BAKER.

F. F. Keefe's Reply to Their Published Letters—The Convention That Endorsed Mr. Keefe for Railroad Commissioner Regular and Local—Statements Set Right—How the Deal Was Made That Defeated Mr. Keefe and Made Brazee an “Expert” in the Grade Crossing Bureau.

ROCHESTER DIVISION,  
No. 8, O. R. C.,  
ROCHESTER, Nov. 2, '98.

EDITOR ARGUS—I desire to thank you for the publication of the statement which I made to you while in Middletown. Every member of the committee representing the five organizations at Albany, including Brazee and Baker, knows that what I said in that interview is true. It has served a purpose which will be appreciated by every honest railroad man in the State, in bringing Baker and Brazee into the open, where their true character and the treacherous work in which they were engaged last winter at Albany while under pay and positive instructions by their respective organizations can be seen and known by all.

It is scarcely necessary for me to go over in a general way, in reply to the statements which they have made in regard to the interview published in your paper. A careful perusal of those statements by every man interested in the success of our organizations will readily convince them of the influence which actuated them.

Every member of that committee will bear me out in the statement that the conduct of these two men while at Albany during that time was a positive disgrace to that committee and the organizations which they represented, as well as to themselves. The first inkling of the contemptible work in which they engaged was given to the committee during a heated discussion between Baker and Brazee, in the presence of two other members, when Baker openly accused Brazee of treachery, but was silenced by a similar retort from Brazee.

In regard to the convention held at Syracuse, the call was made by Division 15 of Buffalo, B. of L. E., one of the oldest divisions in the State, of which John H. Horner is First Assistant Engineer, and as stated under seal of that division issued to the divisions and lodges of the five organizations of the State, for the purpose of selecting a candidate to represent them upon the Railroad Commission. The action of that convention was endorsed by nine-tenths of the divisions and lodges throughout the State, by the National Convention of the Order of Railway Conductors, held in Los Angeles, Cal., in May 1897, and a communication to that effect was sent to the Governor by the New York State delegates to the convention held at Toronto, by the Brotherhood of Railroad Trainmen also held in May 1897, and by the State branch of American Federation of Labor in convention assembled at Albany in January, 1897, and a committee appointed by that organization to co-operate with the railway men, which they did in a manner creditable to themselves and the organization which they represented.

The convention at Albany was called by Division 54, O. R. C., and as stated in the call, was for the purpose of protesting against the confirmation of Frank M. Baker, and was not attended merely by a few ex-conductors, as Baker would lead the people to believe, but by delegates representing the five organizations, one of whom was the chairman of the State Legislative Board of the Brotherhood of Locomotive Engineers. The committee appointed at Syracuse to confer with the delegates of the convention at Albany was welcomed by that body, which endorsed the action of the Syracuse convention without friction or ill feeling.

There has never been a time in the history of our organizations in this State when the railroad men were so thoroughly united as in this movement. I never used abusive language to either Gov. Black or Geo. W. Aldridge, and no man knows this fact better than Brazee, notwithstanding the fact that he would lead people to believe otherwise. Daniel Harris, of New York, at that time President of the A. F. L., was present with me during my interview with the Governor and also during my interview with Geo. W. Aldridge, which interviews were held for the purpose of ascertaining whether the Governor had made the statement to Aldridge that he would sign the bill if it reached him increasing the commission to four instead of five, thereby placing him in a position to appoint me upon that commission. This statement was made to me and other members of the committee by Mr. Aldridge, and was denied by the Governor as having been given by him to Aldridge.

When the deception of Aldridge was discovered, positive notice was served upon him that such treatment would be resented, and the railroad men of the city of Rochester have made lying a very unprofitable business for that gentleman. It was for this reason that George W. Aldridge exercised his influence with the committee to injure me personally, and every member of the committee was approached by people representing him, and urged to turn me down. To this influence Baker and Brazee succumbed; a paper was drawn up and placed in their possession, and they both attempted to influence M. F. Metcalf, representative of the Order Railway Telegraphers, to sign the paper which would have given them a majority of the committeemen. Their efforts in this direction were fruitless, however. The argument which they used with Brother Metcalf was, that if he would sign that paper he would be taken care of, and they had been promised by Assemblymen

Goodsell and George W. Aldridge that Brazee would be appointed Superintendent of the Grade Crossing Commission. George W. Aldridge openly boasted at the capital that he had two of the committee with him, and was going to have the third. This is the record of these two men. Brazee was holding secret conferences with G. W. Aldridge, giving him to understand that the railroad men were not united. When I accused Baker of doing the same kind of work, he admitted going to the office of Aldridge in company with Brazee for the purpose of seeing him, but Aldridge was not in the office at the time, and to use Baker's own language—“that let me out of a—bad hole”—and characterized the occurrence as a narrow escape for himself. I have refrained from previously making this matter public, although requested to do so by many prominent railroad men throughout the State, who have been informed by Republican Senators of their underhand work. I have no desire to do injustice to either Baker, Brazee, or Mr. Goodsell, but simply desire to place the matter truthfully before those whose interests are concerned.

Yours very respectfully,  
P. F. KEEFE.

The Firemen's Representative at Albany Corrects a Mistake Made in James E. Brazee's Letter.

EDITOR ARGUS—I wish to refute one statement made by James E. Brazee in the letter which he published in explanation of the part he took in the railroad men's campaign at Albany, which did not make P. F. Keefe railroad commissioner, but which Mr. Brazee so managed in his own interest as to secure a place in the Grade Crossing Bureau.

Mr. Brazee says that he secured the consent to his appointment of all the members but one of the committee representing the railroad men's organizations. Had he said that he secured the consent of but one member of that committee he would have told the truth.

He certainly never had the consent of John M. Wilson, who represented the Trainmen. I have the affidavit of M. F. Metcalf, who represented the Telegraphers, that he never gave his consent. I represented the Firemen and I certainly did not consent to Mr. Brazee sacrificing the interests of the railroad men of the State in order to pull off a good thing for himself.

It is true that a political fanatic, on Feb. 27th, secured the endorsement of the local lodge of the Brotherhood of Railway Firemen for Mr. Brazee's appointment as Superintendent of the Grade Crossings Bureau. It isn't worth while to say how that endorsement was secured, but at the very next meeting of the lodge, on March 18th, the true facts in the case were explained to the members and the lodge's endorsement of Mr. Brazee was withdrawn.

The fact that the endorsement was withdrawn was published in the newspapers of this city, and this public announcement was made that railroad men and others might know the estimate in which the Brotherhood of Locomotive Firemen held Mr. Brazee.

GIVE THE YOUNG MAN A CHANCE  
From the Newburgh Telegram.  
Yes, it is David and Goliath, and the sympathy of the people is with the young man who is giving battle to a powerful adversary in an entrenched position. Mr. Quid's campaign is so picturesque that it recalls the knights of old. Mounted on a splendid horse he is riding about the country meeting everyone, and his chain of manner and candid way is bringing recruits to his standard every day. Give the young man a chance. Mr. Goodsell has been Supervisor for ten years, Assemblyman for three years and now passes up his plate again. Will he ever quit? Supervisor, Assemblyman and Senator all at once. Are the young people ever to be given a show in Orange county, and has Mr. Goodsell a mortgage on about all the offices extant? The campaign has been free from personalities and will remain so, and there is no abuse in saying that Mr. Goodsell has had enough.

## THE OLD LADIES' HOME.

Managers Transacted Only Routine Business—No Complaints Received and Nothing to Investigate.

The managers of the Home for Aged Women, at their meeting, Wednesday, transacted only routine business.

No complaints were received from any of the inmates of the Home, and the rumor current about town, Wednesday, that it was proposed to investigate the management of the institution proved to be entirely groundless. There is in fact nothing to investigate. The managers are entirely satisfied with the manner in which the Home's affairs are conducted. They know that the matron is careful and prudent in the matter of expenditures, and kind and considerate in her treatment of the inmates. There have never been any complaints concerning the Home except from one source, and the managers long ago satisfied themselves that the grievances complained of were imaginary.

## MRS. SECOR'S SUDDEN DEATH.

An Inmate of the Old Ladies' Home Found in a Dying Condition.

Mrs. Catherine Secor, one of the inmates at the Old Ladies' Home, was found dying, this morning, in her room, by the matron, Mrs. Jarvis. She died in a few minutes. Her death was unexpected, she having attended prayer meeting at the First Baptist Church, Wednesday night. She seemed in good health when she returned and retired for the night.

Mrs. Secor entered the Home on July 3, last, having formerly resided at Poughkeepsie, Newburgh and Montgomery. A few weeks ago she joined the First Baptist Church, by letter from the Newburgh church, and was a regular attendant.

She was an aunt of Miss Mary K. Van Keuren's mother, of this city, but had no near relatives in this vicinity.

## THE PATERSON TARGET SHOOTERS.

Got Away on an Evening Train After Having Made a "Big Time."

The A. Baumann Association, of Paterson, got away under some difficulties at 7:22. There were signs of alcoholic delirium on some of the party, and one individual in particular doubtless needs the attention of a doctor, this morning. The departure of the gang was enough of a drawing card to attract several hundred Middletowners to the station and until the train came these watched the antics of a few girls who had scraped acquaintance with some of the visitors.

A big bounce helped the heavily loaded ones aboard the special cars and after some delay the party left town, yelling like Comanches. They had a fairly enjoyable day, and found lots of ways to make fun. The dinner, which Caterer Rowley served at 8:45 in the Assembly Rooms, was a very nice one, but the visitors had an inordinate appetite for chicken which soon wiped out the supply.

## A WOOD CHOPPER'S MISHAP.

Nearly Strangled While Using a Double Bitted Axe.

From Our Up Midland Correspondent.

Lynn Barnhart, of Rockland, while chopping cord wood for the Colchester Chemical Company, met, Tuesday last, with a singular accident, which might easily have been a most serious one. He was using a double bitted axe and while the axe was directly over his head, one of the blades caught a twig that turned the axe from its course, bringing it down on top of his head, cutting a hole through his hat and making a scalp wound two inches long.

These double bitted axes when they once get on the rampage are considerable of a boomerang and about as dangerous to the user who happens to be in the way as a Mauser bullet would be.

Laborers are laying a roadbed from the Bergen short cut to the Susquehanna at Passaic Junction for a switch, and in about a month it will be completed. The junction of the two lines will be made several hundred feet below Passaic Junction. The Hackensack Record says that Edgewood will then be the principal freight terminus of the Erie in Hudson county and that all the heavy freight trains will go to the Hudson through Hackensack, instead of through Garfield.

## A COACHING PARTY.

Philadelphians Returning from the Berkshire Hills "spend the Night Here."

A very swell tally-ho was rooled up in front of the Russell House, Wednesday night, and two coachmen sprang to the horses' heads, while the party alighted. A little later the Russell House register showed:

Coach, Warrington, Philadelphia.  
Frank Dale LaLanne.  
Mrs. LaLanne and child.  
Miss Scholts.  
Charles Henry Hart.  
Two coachmen.  
Four horses.

The party passed the night here, having driven from Newburgh. They drove from Philadelphia to the Berkshire hills and are now on their way home by way of the Delaware Water Gap. They left town, this morning, at 9:30, and a French diligence never drew a larger crowd around a tavern than did the Warrington, at the Russell House, this morning.
